VOL. LXXXII, NUMBER 49

Antioch High School Sets Summer Sessions

Fifth Grade students of Antioch Grade School line up at Teller's Window at the First National Bank of Antioch to buy Savings Bond Stamps. Twenty \$25 bonds will have been purchased by the students by the end of the school year according to Paul Dierking, their 5th grade teacher.

Antioch Grade School Pupils Buying Bonds

Paul Dierking, 5th grade teacher at Antioch Grade School, has been teaching the youngsters in his charge about savings accounts and interest rates.

And apparently the lessons are beginning to bear some fruit among the young people.

In a discussion the class decided it would be a good idea if they could take part in a regular savings program—kind of put the discussion into action.

The youngsters decided that savings bond stamps would be a good idea because not only would they

be saving money but they would also be helping their friends in service.

As a result of the discussion the class has been purchasing savings bond stamps at 10 cents each every Monday and Friday.

Normally the class purchases from \$20 to \$24 worth of stamps each week.

Ten bonds have been purchased

by the savings the children have accumulated thus far, and ten more bonds will be purchased within the next two weeks.

Twenty of the 22 students in the class will own \$25 savings bonds by the time the end of the school year rolls around.

Girls participating in the program include Julie Ellis, Cindy Francke, Sandra Herbert, Linda

Kafik, Donna Kopecky, Wendy Laursen.

Karen Petersen, Susan Plett, Diana Rentner, Margaret Stefanski, Jane Vos.

The boys include Rickie Black, Donald Burdick, Glenn Costoff, Terry Lear, John Mehlhorn, Arthur Meyer, Rudy Minger, William Molinarola, Steven Stahmer, James Kuenhold and Richard Coar.

Registration for the Antioch High School summer school program will be held on June 17, 18 and 19 from 8 a.m. to 4 p.m., it has been announced.

Summer school will start Thursday, June 20 and continue through Friday, August 2. There will be no school on July 4 and 5.

The last day that a student can enter a class in the summer sessions is Monday, June 24.

Fees for each semester credit in the program will be \$22 plus a 50-cent rental fee for the use of school text books.

No fee will be charged for Driver Education and Safety Education. A student, to be eligible for these classes must be 16 years of age before Aug. 15 and must be under 21 years of age.

Work books will be required for Safety Education and students will be charged a fee of \$1.00 for these books.

Other subjects to be offered include English 1 and 2; American History, General Science, General Mathematics, Algebra, other Mathematics courses, Typing 1 and 2 and personal typing, Business Mathematics and Social Studies.

Non credit courses offered are Preparatory English, Developmental Reading, Preparatory Mathematics and Summer Music Camp.

Bus transportation will be provided for 8 a.m. arrivals and 12:10 p.m. dismissals.

Instructors who will work the summer school sessions include Kenneth Wierschem, mathematics; Mrs. Elaine Weidner, developmental reading; Mrs. Karen Galgan, English; Lucien McLean, American history; Gary Allen, social studies; and Ward Lear, typing.

Driver Education will be taught by Roy Nelson, Adrian Mueller and Gary Allen. Safety Education will have Roger Andrews as instructor.

Over 200 youngsters enrolled in the summer school sessions last year and school officials are expecting that number will be surpassed this year.

Retardates Promoting Bond Issue

The retardates who regularly attend the Sheltered Workshop operated by Lake County Society for Retarded in Bowen Park, Waukegan, joined forces today to prepare for mailing the plea for help in increasing services available to them and the many other retardates in Lake County, as well as services for the mentally ill and emotionally disturbed.

They dispensed with their usual packaging of manufactured materials, and all joined in folding printed materials, stuffing envelopes, and preparing for mailing the literature. It will be circulated throughout the county for the purpose of making citizens familiar with the Mental Health-Mental Retardation Referendum which will be voted on Tuesday, June 11.

The successful passage of this referendum means a great deal to them and to the hundreds of other retardates in Lake County. The referendum, if passed by the voters, would also assure the extended mental health services that are or will be needed by an estimated 30,000 Lake County residents sometime during their life spans.

These extended services would mean that those who need these kinds of help would be able to remain in their own community and near those they love, rather than one day having to be institutionalized in a strange setting, far from home and friends.

Grade School PTA Installs Officers

A physical education program was put on for the Antioch Grade School PTA by students under the

Sesquicentennial Day Set For Fair

The Lake County Fair Association in cooperation with many groups in the county are planning a county-wide "Sesquicentennial Day" at the Lake County Fair, July 24-28, this year.

The outstanding event for July 24 will be a two-act play with an afternoon and evening performance.

The play is entitled "Make Her Wilderness Like Eden" portraying the 150 years of the Statehood of Illinois.

The program is the first county-wide planned for Lake County in many years.

The groups working to make it a success include:

The Lake County Fair Association, Raymond G. Flood, president.

The County of Lake, Robert Depke, chairman, Lake County Board of Supervisors.

Lake County Sesquicentennial Committee, Kenneth Henke, chairman.

The Chambers of Commerce, Allen McCreary, representative

and a member of the Lake County Sesquicentennial Committee.

The Lake County Churches, Rev. Ralph H. Smith, county chaplain and members of the Sesquicentennial Committee.

The Mayors of Municipalities of Lake County, Robert Sabonjian, Mayor of Waukegan.

The Lake County Farm Bureau, Howard Bonner, president.

The 4-H Clubs of the county under the supervision of Ray Nicholas and Mrs. Helen Volk, home extension specialist.

The County of Lake exhibit at the fair this year will stress the past, present and future.

This display was planned by the following:

Norman Drummond, director, Lake County Regional Planning; Herbert W. Byers, superintendent, Lake County Public Works Department; Robert G. Klebe, executive director, Lake County Safety Commission; C. Robert Post, Lake County Crime Commission.

The livestock breeders of beef cattle, dairy cattle, swine, sheep

and goats are exhibiting their champions this year at the fair.

The floriculture, horticulture and home economics departments are going to be larger than ever.

The entertainment for the fair has been carefully planned and contracted for. They include rides for all ages, the Bar-M-Rodeo, the Great Lakes Naval Band, fireworks and six days of horse shows, including English, western, Appaloosa and Shetland Pony classes.

Members of the Sesquicentennial committee include Henke, Clarence B. Pontius, Vernon Township Supervisor, Charles Mason, Francis J. Berry, Klebe, Post, Rev. Smith, Drummond, Byers, and L. A. Lordhausen.

The Lake County Fair Association Board includes Flood, Clarence Naffziger, vice president, Nordhauser, general manager and executive secretary, Richard T. Jenkins, treasurer, William Duncan, Richard Warfield, Earl Kane Jr., Walter Krummrey and Lyle Matthews, directors.

Oakwood Knolls Association To Dedicate Plaque And Flag

The American flag and a bronze plaque will be dedicated in Oakwood Knolls residential area on Memorial Day.

Engraved on the plaque are the words "Dedicated to the servicemen and women of Oakwood Knolls."

The ceremonies will take place at 3 p.m., beginning with the invocation given by the Rev. Wilton Anderson. An Honor Guard from the American Legion Post will present the flag.

The site of the ceremonies and the resting place for the plaque will be on Oakwood Drive.

The spot was selected by the Oakwood Knolls Property Owners Association.

Chris Schultz, Association president, will give a short talk honoring Oakwood Knolls servicemen, many of whom are now serving in the Vietnam conflict.

The memorial has been about three months in the making and

came about, according to association members, just naturally.

Also included in the ceremony will be a rendering of taps on the bugle.

Village officials have been invited and refreshments will be served following the ceremonies which will be concluded by a benediction from Fr. Alfred Henderson of St. Peter's Church, Antioch.

Police will block off Oakwood Drive for the ceremonies.

St. Peter's "The Society For The Preservation of Ear Drums Marching Band" entertained for two performances at the school's music recital on Friday, May 24. Mrs. Laura Young of Millburn is the music teacher and director of the Rhythm Band which has 43 first grade members.

Antioch Youth Liked Cookies

Antioch's Vietnam Cookie deluge received its first acknowledgment this week from Spc. 4 James B. Berg.

Berg, son of Mr. and Mrs. Robert Berg, of North Ave., Antioch, wrote the following in a recent letter from Vietnam:

"I got the packages from Project Vietnam last Friday. Say 'thank you' to everyone for me. The cookies were delicious and everyone enjoyed them.

"We are saving the popcorn for a platoon party which we hope to hold next week. I really like the kool-ade.

"I carry a big vacuum jug in

my ship and the pilots really enjoy the refreshment. Everyone really was surprised when I told them who sent the packages.

Again, say thank you for me."

Berg's address is Spc. 4 James B. Berg, BA16901416, Co. A, 1st Avn. Bn. 1st Inf. Div., APO San Francisco 96345.

Eligible Voters Hit 140,000

Lake County has a total of 140,000 registered voters eligible to take part in the June 11 primary election, it has been announced.

Voting in the county will be carried on at 231 precincts, according to the list submitted to the state by Truman Gerretsen, county clerk.

Illinois has a total of 5,454,371 registered voters eligible for the primary, according to Secretary of State Paul Powell.

The new figure is an increase of 112,140 over the 1966 general election and an increase of 291,310 over the last presidential primary in 1964.

Dan A. Williams Dies In Auto Accident

Dan A. Williams, 53, of 5709 Walnut Dr., Des Moines, Iowa, formerly of Antioch, died May 24 in an automobile accident, apparently caused from a heart attack, near Emporia, Kansas.

He was on his way to pick up his daughter Nancy who was attending college at Norman, Oklahoma.

He was the son of the late Dr. R. D. and Mrs. Williams and was born at Wichita, Kansas.

Dan has made his home in Des Moines since 1952 where he was director of the Des Moines Public Libraries.

He was a graduate of Antioch Community High School and of the University of Chicago.

He married Miss Edna Gable at the Chicago University Chapel in 1941.

Survivors include his wife, Edna, a daughter, Nancy, a sister, Betty Lu, and his mother, Mrs. Frances Williams, both of Antioch.

He was preceded in death by his father, Dr. R. D. Williams. Memorial services will be held Sunday, June 2, at the Unitarian Church in Des Moines.

On Tuesday, June 4, a brief graveside service will be held at Antioch.

In lieu of flowers memorials may be given to the Library Reference Memorial Fund at Des Moines, Iowa, Public Library.

Property Supports Schools

The major support for public school districts in Illinois is still the local property tax, the Taxpayers' Federation of Illinois reported.

For the school year 1966-67, the property tax accounted for 60.21 per cent of the receipts of Illinois public schools.

A breakdown of where the money came from for this school year is:

Local property taxes, 60.21 per cent; state aid, 24.55 per cent; federal aid, 6.65 per cent; school lunch, 3.91 per cent; book rent and supplies, 1.79 per cent; investment receipts, 1.39 per cent, and miscellaneous (athletics, adult education and the like) 1.50 per cent.

The chief expenditure was for instructors' salaries, accounting for 53.29 per cent of the money spent.

Operating expenditures (except capital outlay) totaled \$1.3 billion or a per capita expenditure, based upon average daily attendance of \$991.92.

When capital outlay and debt service were included the total became \$1.6 billion and per capita expenditure rose to \$941.19.

Antioch Vietnam Veteran Home From War, Relates Experiences

(By Fran Reeder)

"It's mighty good to be back home," said Gary Kappel, just returned from a year in Vietnam, Thailand, Cambodia and a visit to Japan.

Gary, a former resident of Antioch and a 1964 Antioch High School graduate arrived in California over two weeks ago after serving as an Air Force medic flying on many air rescue missions.

"I was with a helicopter group and we picked up pilots who were shot down in hostile territory, and evacuated the mto hospital bases," said Kappel. "Every mission was a dangerous one, and at times we even had hand to hand combat with the enemy in our effort to evacuate the wounded. We could only take two men aboard the helicopter on each trip, and we evacuated an average of 8 per week.

"We were never shot down, but we did take quite a bit of shrapnel. One of the bright spots for me in Vietnam, was receiving those wonderful packages from Project Vietnam. I was the envy of all my buddies, and they couldn't believe that there was a town as thoughtful and as wonderful as Antioch.

"I visited Japan, and found it to be a fantastic country—so westernized and modern—and so very different from Vietnam and its

neighboring countries.

"I did a lot of traveling around in Thailand and found the people very interesting and friendly to Americans. The standard of living in Thailand was better than in Vietnam or Cambodia. I got into Northern Thailand where much

missionary work is going on and visited a leper colony.

"One of the most interesting events that I witnessed was an elephant roundup. Elephants were brought to Surin Province from all over the country and participated in a rodeo. The elephants worked at hauling trees and logs, performed tricks and there was a tug of war. Seventy men could not out-pull one elephant."

Gary continued: "Several thousand people gathered in a grandstand for this event, and vendors sell pieces of sugar cane to spectators, like we would sell popcorn. They also purchased little bags of rice covered with a hot sauce—crisp fried beef treats which were similar to our potato chips.

"Beverages available in Thailand were singular beer, a brew made from rice, soda pop like we have in the States and in the city of Bangkok one could purchase milk, though it was not readily available in the upper country.

"I ate in a Bangkok restaurant and ordered a steak dinner. The steak was probably from a water buffalo, and had an unusual taste—but it was edible. French fries are not as we know them—and green beans and lettuce are on the menu. Their lettuce is like grass, and not crisp like we know it here

Drive Carefully

Memorial Day is upon us and once again millions of motorists will take to the nation's highways seeking pleasure.

For many the day will be a tragic one.

One of the most important things to remember on this holiday—if you are one of those who take to the road—is safe driving.

This is pointed-up by the fact that 52,200 persons were killed on our highways during 1967 and some 4,200,000 injuries were reported.

These figures are appalling.

It is true that there was a reduction in deaths in 1967 from 1966.

It was the first time in 10 years that the figure has dropped.

It only amounted to approximately 300 lives. There was also a reduction in injuries, down some 200,000 from the year before.

Many more lives could be saved and injuries prevented.

It may be trite to use the old platitudes of drive defensively—if you drink, don't drive—speed kills.

But maybe if we repeat them over and over to ourselves as we go along, we will be here to enjoy the next holiday.

Motor vehicle accidents can be reduced by the practice of caution, courtesy and common sense.

So if you "hit the road" make sure that you don't become a permanent statistic.

We are kind of used to you.

We want you around for a long time to come.

Doughnut Day

Why do we choose to "beat the drum" for The Salvation Army?

Because it feeds the hungry? Because it helps unwed mothers and their babies? Because it counsels families with problems—visits lonely shut-ins—helps alcoholics and the inmates of penal institutions?

Because it is invariably kind and compassionate in all its dealings with the troubled?

These are all good reasons, and we could probably add a hundred more. But we like to wrap our observations up in one tight package.

In a world so filled with greed and hostility, it is reassuring to encounter the dedicated men and women of The Salvation Army—whose only goal is to serve—whose integrity is unquestioned—whose loyalty to principal is universally admired.

We bring all this up because Friday, June 7, is Doughnut Day in our town in the total greater Chicago area.

On Doughnut Day, you and I have an opportunity to honor The Salvation Army—to lend our support to the many Army programs for the distressed of every race and creed.

All we have to do is buy a Doughnut Day tag, and wear it.

That tag is a badge of compassion for every one of us.

Courthouse Notebook

By Lou Durkin

Detroit residents are having a tough time keeping abreast of what's happening in the world today because of the city-wide newspaper strike which is now in its seventh month.

Hardly anyone in the area recalls the original issues, but the dispute drags on and on despite efforts by objective mediators, state officials, city officials and now federal arbiters.

The economic impact has been stunning not only directly from the loss of income sustained by the strikers themselves, but sales have dipped sharply reducing the city's income from sales tax.

Theatres, nightclubs, sports events and other activities that depend largely on newspaper coverage and publicity have been hard hit as a result of the strike and there is a dead feeling in this normally vibrant city.

The important role a newspaper plays in the life of a community is often overlooked or taken for granted, but a city without a newspaper is a city without light.

Readers may frequently disagree with a paper's policy and there is hardly a publicity chairman anywhere who isn't convinced that the editors are myopic, or downright callous when it comes to selecting club publicity, but how they miss the paper when it's gone.

A lot of people are convinced now that Sen. Everett M. Dirksen favors former Gov. W. G. Stratton in the gubernatorial race as a result of their joint appearance last Sunday at Paul Sedar's Locust Farm in Old Mill Creek.

The huge turnout, labelled by many as the largest political crowd of the current primary campaign in Lake County, was evidence of Sen. Dirksen's popularity

Your Congressman Reports....

By Cong. Robert McClory

The Congress has been called upon to adopt a program bearing the intriguing title of "Special Drawing Rights" (SDR). This proposal, contained in a recent message from President Johnson, intended to increase "international liquidity" by adding so-called "paper gold" to the present Free World reserves of gold and dollars.

The Special Drawing Rights would consist of promises or IOU's issued by our country as well as other nations in the Free World—including some underdeveloped countries of Africa, Asia, and Latin America. These promises or IOU's would be pledged or contributed to the International Monetary Fund (IMF), an organization represented today by 107 nations, which was established at Bretton Woods in 1944. According to the President, the new reserves consist of the "faith and resources" of the participating nations.

It should be recognized that present reserves totalling about \$73 billion consist principally of gold and dollar credits. Dollar credits amounting to about \$18 billion are acceptable as a substantial part of the existing liquidity fund because of the policy of the United States Treasury to exchange dollars for gold on a continuing basis at \$35 per ounce. When the formula for establishing Special Drawing Rights was developed at a conference in Rio-de Janeiro in 1967, the conferees agreed that it was "fundamental" to the international monetary system "that there be no change in the monetary value of gold and the dollar relative to each other."

However, since the Rio Conference a run on gold set off by the persistent U. S. balance-of-payments deficits has resulted in the establishment of a two-price gold system. During the run on gold, the price rose to about \$45 per ounce. At present, on the free market, gold is well above the \$35 per ounce level.

It should be noted that France which insisted on describing the new reserves as "Special Drawing Rights", has itself refused to subscribe to the new system. Also, the Rio agreement requires that 85% of the participating nations "agree" in order that any nation may utilize any of the Special

in this area. The Senate Minority Leader carefully refrained from "putting his arm" about Stratton, but their appearance together was enough to start the tongues wagging.

It was enough to make people recall that Sen. Dirksen stood by Stratton during the latter's successful battle against an income evasion charge brought by the Federal government.

Many Stratton supporters feel he waited too long to make his big move, but you can be sure that Richard Ogilvie and John Henry Altorfer, the early pace-setters in the gubernatorial race, are looking back over their shoulders as the campaign enters the home stretch.

Ogilvie, the Cook County Board president, has become the target for increasing barrages from both Stratton and Altorfer and, with less than two weeks to go on the campaign, it is apparent the one-time Cook County sheriff is going to be busy defending himself against the charges hurled by his opponents.

In this phase of the campaign Stratton's position is actually more secure than Altorfer's because the former Governor is running on his past record and he is going to insist that Ogilvie run on his record as Sheriff and Board President. Stratton is calling attention to his record of winning 14 of 17 state-wide races, his road-building record while in office, and his handling of the Orville Hodge scandal whereby the state recovered all the embezzled funds.

At the same time Stratton is demanding that Ogilvie explain his association with former Sheriff Investigator Richard Caine, the Cook County jail mess which prevailed under Ogilvie as Sheriff and Board President, and his welcoming back into the fold such West Side Bloc stalwarts as Peter Miller and Babe McAvoy, who engineered the purge.

Altorfer can ask the same questions, but he has no track record to indicate how he would react if he had control of the state government.

ALONG THE WAY with Annie Mae

Congratulations

To Tom and Kay Arneson on their recent marriage last Saturday. Flying Low

I caught that Stork flying over the Jack Heick residence recently. Get Well Wishes

To a sweet little six year old, Matthew Lukkeman, recovering in Victory Memorial Hospital following a recent accident.

Surprise

The employees and their families surprised Gert Lorenz Tuesday evening with a birthday party in her honor.

Congratulations

To Coach Rog Andrews and his track stars for winning first place in the Northwest Suburban Conference. We always knew Antioch had a lot of fast men in its area.

Old Residents Return

Mr. and Mrs. Leslie Heath, formerly of Antioch and now Florida.

Drawing Rights. This requirement means that the common market nations hold an effective veto against any withdrawal of SDR's by this country.

In describing the new medium of exchange as "paper gold", it is well to recall that when the Bretton Woods agreement was reached in 1944, one of the spokesmen for Great Britain, John Maynard Keynes, called gold a "barbarous relic." In his message to Congress last week, President Johnson appeared to be leaning toward that point of view. Secretary Fowler reported to the Congress that "there is a decline in the relative importance of gold in the total of global reserves."

However, the value of Special Drawing Rights would seem to be extremely limited under any possible interpretation. No agreement from which the U. S. might benefit could be ratified by the participating nations before 1970. In addition, it is expected that only \$1 billion per year will be added to the reserves under the SDR formula, with the United States drawing rights limited to about \$250 million.

The most disturbing aspect of the President's new proposal is the psychological reaction around the world. It would appear to indicate further loss of confidence in the dollar and in the stability of the American economy.

If, as Secretary of the Treasury Fowler indicated, the Special Drawing Rights are of particular value to other nations, it would seem well to await legislative steps by those nations.

According to the latest advice, no single nation which participated in the Rio Conference has acted yet to set up legislative machinery to authorize and utilize "paper gold" or SDR's. Indeed, France has declared that it would not implement the Rio agreement at this time.

At a recent meeting of foreign international bankers in Washington, the U. S. was advised to put its economic house in order by reducing sharply our annual federal deficits. This is at the root of our chronic inflation and is the main cause of both our domestic and international monetary problems.

It would seem well to correct this "fundamental" part of our economic system before experimenting with a program that sides the need for a sound dollar (exchangeable for gold) and a balanced budget.

JUST THE THING TO WEAR AROUND THE HOUSE

A State Farm policy. It's the low-cost package policy that provides broader coverage for your home and belongings and for you, in case of lawsuits. Yet, all this protection is yours at a rate that's 15% to 25% lower than the same coverage would cost under separate policies. Get all the facts—call me today.

Hoogasian Hoping To Cut Crime

First Assistant State's Attorney Jack Hoogasian said today that he will work to prevent crime just as diligently as he will to prosecute those who have been apprehended and charged for committing crimes.

"A disproportionate share of crime is being committed by young people and this is the area in which I intend to incorporate new ideas and new programs to prevent crime."

Hoogasian, candidate for nomination at State's Attorney in Lake County on the Republican Party in the June 11th primary election, said that he will institute a Youth Division within the State's Attorney's office, separate and apart from the Juvenile Division, which is responsible for the prosecution of juvenile offenders.

"I want to get to the youth before they become offenders," Hoogasian said. "Once a child starts on the road of crime, it becomes increasingly difficult to get him back on the right path again."

Hoogasian said that he will staff the Youth Division with Assistant State's Attorneys and young people, selected from throughout the county. He said a speaker's bureau will be assigned to lecture ele-

Altorfer Cites Highway Needs

Republican gubernatorial candidate John Henry Altorfer has proposed that the Division of Highways be separated from the Department of Public Works, and that responsibility for highway planning, construction and financing be placed under a new Illinois Highway Authority.

Altorfer said the proposed new Authority should be headed by an executive director appointed by the governor, and administered by a 10-member board composed of knowledgeable representatives from each of the state's 10 highway districts.

At the same time, Altorfer proposed a prompt and complete halt to the present practice of diverting highway revenue to cover administrative costs of other agencies.

Altorfer outlined his proposals at press conferences during "A-Day" activities in Belleville and later in a speech to Republican leaders of Madison and St. Clair Counties.

Altorfer noted that of the more than \$500 million collected for the road fund this biennium from motor fuel taxes and license fees, only 31.6 per cent will actually be

made available for highway construction, rehabilitation and improvements.

He said that during the present biennium, a total of nearly \$120 million will be diverted to cover administrative costs of other agencies; and \$204 million—more than 40 per cent of the road fund collections—will be used to cover administrative costs of the division of highways.

"The practice of diverting road fund monies must stop if we are going to properly and effectively serve Illinois highway users, who today are not receiving service which corresponds with the motor fuel taxes and license fees they are paying," Altorfer said, noting that an amount equivalent to a 2c gas tax increase will be diverted from the Road Fund during the current biennium.

Under Altorfer's proposal, the new Illinois Highway Authority would be required to submit three separate highway programs annually, rather than the single omnibus program now required, which Altorfer proved earlier in the campaign "neither accurately lists projects to be undertaken

during the year nor properly accounts for funds spent the previous year."

Altorfer said the top priorities for the new Illinois Highway Authority should be rehabilitation of the existing primary and secondary state highway network—and construction of a North-South expressway from Rockford to Cairo via the present U. S. 51 Corridor, and an East-West expressway across Central Illinois via Jacksonville, Springfield and Decatur, from Quincy to Champaign, as has been recommended in numerous studies during the past decade.

"A long-range goal of the Authority, he said, should be the development of a state-wide network of modern four-lane highways to supplement the Interstate system, scheduled for completion in Illinois in 1972.

In order to make annual programs meaningful rather than the "political fiction" they are at present, Altorfer said the Authority would be required, each year, to submit written explanations to the Governor and the legislature whenever a project listed on an annual program is not undertaken.

One of the key aims in separating highway function from the Department of Public Works, Altorfer said, is administrative reorganization—plus decentralizing of the planning and engineering functions of the highway division.

Antioch Vietnam Veteran . . .

(Continued from page one)

"I visited the floating market in Bangkok. It's like Maxwell Street and they sell food, clothing, knick knacks, wood carvings and jewelry. It's a popular tourist attraction and an interesting place to visit.

"Movies are shown in Bangkok—one night the American film is shown spoken in English, the next night it is shown using the home language. English is the primary language now in Thailand and it was surprising how many natives speak English in Bangkok.

"Children attend grade school for six years—go to secondary school for two years and then go

on to the university if able, and have the financial capability.

"Transportation in Bangkok is mainly bicycles and rickshaws and Japanese made cars. The way they drive would give you a heart attack. The traffic is heavy and the roads are terrible—especially in the upper countries. Gasoline sells for around 25¢ per gallon.

"Ninety-eight per cent of the people in Thailand are Buddhists. The temples in Bangkok are unbelievable with their solid gold buddhas. In one temple there is a buddha made of emeralds and this is worth a fortune.

"The Thais are doing a great deal to help us in Vietnam and have sent troops to Vietnam to help in the fight there."

Kappel continued: "Our boys are doing an excellent job and

G.I. Bill Sending Veterans To Class

Nearly three quarters of a million eligible veterans and servicemen have entered school or training under the G.I. Bill Education and Training program, the Veterans Administration reported today.

Since June 1, 1966, when the Veterans' Readjustment Benefits Act of 1966 educational provisions first went into effect, more than 701,000 eligible veterans and 45,000 servicemen have entered training.

Enrollment in school or training at the end of March 1968 stood at almost 423,000 veterans and 27,000 servicemen.

Popularly known as the "Post Korea" or "Third Generation G.I. Bill," the 1966 Act grants veterans with at least 181 days of military service (part of which was after Jan. 31, 1955) up to 36 months of education and training benefits.

Vietnam era veterans, i.e. those with at least 181 days of service, part of which was after Aug. 4, 1964—and active duty military personnel with at least two years of service are included.

Nearly two-thirds—or approximately 283,000—of the Third Generation G.I. Bill beneficiaries on school or training rolls at the end of March were taking college level courses. This compares with about 51 per cent who entered college training under the Korean Conflict G.I. Bill and less than 30 per cent who pursued college level courses under the World War II G.I. Bill.

Veterans and servicemen entered in below-college-level training at the end of March totaled 155,000, with veterans accounting for nearly 85 per cent of this number.

Since Oct. 1, 1967, when on-the-job, flight, and cooperative farm training were added to the Third Generation G.I. Bill curriculum of approved training, nearly 66,200

veterans entered on-the-job training. An additional 8,000 veterans had enrolled in flight training courses as of March 1968.

Another provision of the Veterans' Pension and Readjustment Assistance Act of 1967 relating to education and training permits veterans to complete high school, while receiving educational assistance allowance from VA, without having any of their entitlement to college level training reduced.

In only six months, between last October and the end of March 1968, more than 9,100 veterans entered training to complete high school or college qualifying courses. Veterans interested in attending school this summer or fall should contact their local VA office.

Resigns As Director Of Music Center

Robert Christensen has resigned as director of The Music Center of Lake County, Waukegan, to become executive director of the Community Music School, St. Louis.

He will be succeeded by David Goodman, director of music at Flower High School, Chicago, September 1. Goodman holds a bachelor of arts degree from the University of Chicago and is a candidate for the Master of Music degree from the Chicago Musical College of Roosevelt University.

Dr. Jules Allenberg, president of the board of trustees of the Music Center of Lake County, said that he was sorry to see Christensen leave but wished him well in his new position.

During the three years Christensen was director of the four year old community music and arts school, its enrollment has soared from 125 to more than 325 students to include full departments in art, drama and dance. The school has begun many new community activities. This summer the non-profit school will hold its first summer session from June 27 to August 8.

Career Production Levels Are Listed

Lifetime milk and butterfat production levels for Registered Holstein cows in this area have been announced by Holstein-Friesian Association of America. The individual animals have been credited with career production totals exceeding 100,000 lbs. of milk under official testing supervision.

Because of current replacement heifer rearing and purchase costs, cows that stay in the herd longer and achieve high lifetime production have proven to be more profitable. The Holstein Association has more than 26,000 cows on file that have attained the 100-ton production milestone.

Local Holstein breeders and their long-time producers reported by the organization include Wil-O-Ann Golden Connie, 101,852 lbs. of milk and 3,933 lbs. of butterfat in 2,747 days. She is owned by Ravenglen Farm, Antioch.

"You're getting old when you don't care where your wife goes, just so you don't have to go along."

Work & Learn Program For Vietnam Veterans

A special opportunity to earn and learn is now available to Vietnam veterans, the Veterans Administration advised today.

Special non-competitive "transitional appointments" now permit new veterans with limited education to go to school under the GI Bill and to work for the Government at the same time.

John B. Naser, Manager of the Veterans Administration's Regional Office in Chicago, explained that the non-competitive appointments can be made through the first five Civil Service grades—providing the veteran has less than one year of training beyond high school and has the job qualifications required.

To secure such an appointment, the veteran must agree to take at least the equivalent of one full school year of education or training. If this does not give the veteran a high school diploma, or its equivalent, an expanded program would be worked out.

While the Government has several pay systems, the general salary schedule for the first five civil service grades runs from \$3,776 to \$5,565—higher after the scheduled pay raise this July. In addition, a single veteran going to school, say half time, would receive another \$60 a month under the G.I. Bill. The rate is \$130 a month for a full time single student.

Mr. Naser pointed out that men who finish high school have an easier time finding a good job.

are receiving suitable conventional equipment."

Kappel will be leaving for Maxwell Air Force Base in Alabama for four months and plans to go on to college to major in either economics or education.

NEW PROFESSIONAL BUSINESS FRATERNITY—The executive officers and advisors of the new professional business fraternity at Carthage College—Alpha Omega chapter of Pi Sigma Epsilon—are, seated, left to right: Douglas Feiler (vice-president) of Antioch, Ill., and Steve Kieffer (president) of Sheboygan, Wis. Standing: Ronald Denman (sgt.-at-arms) of Racine, Wis.; Prof. Donald Faulkner (chapter advisor) of Racine; Roger Richardson (treasurer) of Oak Lawn, Ill.; and Howard Russell (secretary) of Milwaukee, Wis. The only other chapters of Pi Sigma Epsilon (national professional fraternity in marketing, sales management and selling) in Wisconsin are located on the campuses of Marquette University and the University of Wisconsin-Milwaukee.

Powell Deplores Lack Of Respect Of Students For Those In Authority

Paul Powell, speaking at dedications ceremonies for the Lake and suspension bridge at Camp Ondessonk, said that hippies and the "new left" do not understand that American freedom carries with it much responsibility. He said it is his fervent prayer that "the youngsters who have the opportunity to attend this marvelous

camp will learn more about life, its right and wrongs, its turmoils and calms, its ups and downs.

"Unfortunately, in our society today there seems to be a lack of respect for those in authority whether you agree or disagree with their view-

point," Secretary Powell said. "To these people who deery our society, our systems, our government," he continued, "I would remind them of what has made our nation great. It is the people who, operating within the framework of a government of laws, overcame great obstacles to help us attain what we have today—the greatest democratic system ever known to man."

"Yes, there are things to do, wrongs to be righted, changes to be made, but they can only come successfully, in an orderly manner, within the scope and framework set out by those amazing Americans who provided the miracle in 1776," Mr. Powell said.

Summer Band & Choir Camp To Be Held Aug. 18 Thru 23

Mr. Joseph T. Rush Director of Fine Arts at Antioch Community High School announces that a special invitation has been sent to all 1968-69 freshmen who plan to be in band or choir to attend the 1968 Summer Band and Choir Camp. The camp will be held August 18 through the 23rd at the East Bay Camp on Lake Bloomington, near Hudson, Illinois.

The Summer Camp is open to all Antioch High School band and choir students in addition to the incoming freshmen who have signed up for band and choir next September.

An outstanding staff of teachers

will be going to Camp with the group this year.

The fee for the camp is \$14.00 for each student, which takes care of all costs except personal spending.

Round trip bus transportation will be provided free-of-charge. Registration for camp will be handled through the regular high school summer school program. The fee for camp can be paid either at the time of registration or some time before camp in August. The high school would like to have the registration in before June 5. In paying camp fee, make check payable to the Antioch Community High School.

Highway Information Center Opened Near Genoa City

Warren P. Knowles officially opened Wisconsin's newest highway safety rest area and tourist information center, on U.S. highway 12 near Genoa City, in ceremonies on May 22.

The opening ceremony featured a public open house, from 3 to 6 p.m. A dinner in Lake Geneva, sponsored by the Southeastern Wisconsin Vacationland Association and the Lake Geneva Area Association of Commerce, concluded the program.

The new information center is the third permanent structure erected for this purpose along Wisconsin's southern boundary. It will provide maps, vacation

literature, and information about accommodations, events, and resort areas for visitors coming into the state. Highway 12, a freeway from the Illinois line to Lake Geneva, is also being improved in Illinois, and carries many weekend and vacation travelers.

The rest area includes parking, rest rooms, and drinking water. The Division of Highways, Department of Transportation, supervised construction of the facility.

The federal Highway Beautification Act program provided most of the funds for the new center. Operating expenses, including salaries for three information specialists, will come from the Outdoor Recreation Act Program.

Sen. Dirksen & W.G. Stratton Guests At Rep. Meeting

U. S. Senator Everett M. Dirksen and former Gov. William G. Stratton will be co-featured as guests of honor at a reception at the Locust Lawn Farm of Paul Serdar, Wadsworth milk rancher and Chairman of the Illinois Racing Commission under Stratton, Sunday, May 26 from 3 p.m. to 7 p.m.

Special invitations have also been extended to all Republican county and legislative candidates and to Cong. Robert McClory.

Republican precinct committee men, public officials, political and business leaders are expected to attend the social function.

Gary Vaughn New Pack 80 Cubmaster

Pack 80 Grass Lake Cub Scouts held their monthly pack meeting last Thursday and it was announced that Gary Vaughn will be the new Cubmaster with Mike Wojnowiak as his able assistant.

Mrs. Helen Okrzesik introduced the new Bobcats and their parents. The new Bobcats are: John Lass and Danny Lloyd.

Awards were given to the following: Carl Kjellstrand, Wolf Badge; Kenneth Bloom, Bear Badge and Gold Arrow; Randy Vaughn, Forster Badge under Webelos; David Pittner, 3 Silver Arrows.

Mike Vaughn received the Silver Arrow under Bear and the Moon Shot Recruiting badge. Eddie Okrzesik received a Recruiting Badge and Mr. Ignatius Okrzesik received a one year service star.

Mr. Kenneth Albright received the following: Into Boy Scouts; Harry Zoll, Larry Lloyd and Randy Vaughn. They were also presented with Certificates of the Webelos graduation.

Awards were also presented to the following: Den Mothers: Joan Pittner, Den 1; Lou Belz, Den 2 and Elaine Wojnowiak Den 3.

The following new den mothers were introduced: Mrs. Shirley Vaughn, Mrs. Ernestine Okrzesik and Mrs. Ruth Reband. Mrs. Gwen Morrison, Mrs. Jane Bloom and Mrs. Marlene Schmaltz, new assistant den mothers, were also introduced.

Mrs. Elaine Wojnowiak will be Den Leader coach and Gary Vaughn will serve as Cubmaster, with Mike Wojnowiak as assistant cubmaster.

Edwin Okrzesik will serve as Advancement chairman; Henry Nohava as Institutional representative and Bob Flint, entertainment Committee and chairman of the Cub Scout committee.

A skit was presented by Den 1 "Davy Jones' Locker—Bottom of the Sea."

A cook-out is scheduled for Sunday, June 2 at the Scout House at noon.

Grass Lake School Cub Scouts

will participate in the Memorial Day Parade.

Den Mothers Shirley Vaughn and Ernestine Okrzesik made a 2 foot high "Cubby Boy" (miniature Cub Scout). Den 3 holds Cubby Boy at present, for having the largest number of parents in attendance at the May pack meeting.

The Cub Scout Parents will hold a Rummage Sale at the Scout House on Saturday, June 1, from 9 a.m. to 4 p.m.

Legion Auxiliary

By Del Jahneke

As the month of June approaches, many activities are scheduled for American Legion Auxiliary members. On June 8th, the 10th District "Juniors" will hold their annual picnic and election of officers at Hinkston Park in Waukegan, at 12 noon. Mrs. Louis Thompson, Waukegan, District Junior Activities Chairman, states that all juniors in Lake County are invited to this picnic. Mrs. Bernard Stadick is the Antioch Unit Junior Activities chairman. Any Junior member wishing to obtain more information, should contact Mrs. Stadick.

Mrs. Richard Brady, Gurnee, District Alternate Director, and Mrs. Edward Jahneke, 2nd Division Foreign chairman, have been appointed to be judges of election at the Department Convention in July, by Mrs. Stanley O. Follreg, Department (state) President.

"The Pilgrimage to Normal" will take place on Sunday, June 9, at the Illinois Sailors and Soldiers' Children's School (I.S.S.C.S.) Normal, Illinois. There will be a large picnic lunch at noon, provided by the Legionnaires and Auxiliary members; a parade; a program presented by the children of the I.S.S.C.S.; and gifts given to the children by the units sponsoring them. The 10th District American Legion and the Auxiliary have sponsored the Harbor Cottage, and the children who live there, for many years. John Jones, North Chicago, and Mrs. William Franzen, Libertyville, District Child Welfare Co-Chairmen, announce that a large television set was given to the Harbor Cottage boys a few months ago.

All the Cottages and the children are state supported, but are also sponsored by all the 25 Districts in Illinois. Mrs. Walter Hills, Antioch unit child welfare chairman, states that nearly all posts and units contribute to the Normal "spending fund"; the Cottage fund; and the State Child Welfare Program. The Antioch Unit has always donated to these programs.

The Antioch Unit delegates, alternates, and any interested member, are reminded that the 10th District American Legion Auxiliary meeting will be held at the Garrett-Langvad Legion Home in Winthrop Harbor, at 8:00 p.m., on June 12. Mrs. William Schultz, North Chicago, District Director, will conduct this meeting. There will be an election of District officers; and awards given to the first and second winners in the unit history competition, by Mrs. Silver Mac Hayes, Baxter Evans, District Historian. Mrs. Jahneke, 10th District Publicity chairman, will also present the prizes to the first and second place winners in

the annual "Spending Fund" contest. The Antioch Unit has always donated to these programs.

Rose Marie Kacer

Rose Marie Kacer Is Engaged To Tom Robinson

Mrs. Anna Kacer, Antioch, announces the engagement of her daughter, Rose Marie, to Thomas J. Robinson, son of Mr. and Mrs. Sam Robinson of Waukegan.

Rose is a graduate of Antioch High School and is presently employed at Murphy-Baber Buick at Fox Lake.

Her fiancé is a graduate of Waukegan High School and is presently employed at Extrude Film Corporation at Lake Zurich.

The marriage ceremony will take place on August 10th at 12 noon at St. Peter's Church of Antioch.

Special Co-Op Summer School To Run June 20 Thru Aug. 2

Antioch Community High School, Antioch Grade School District, Millburn, Emmons, Grass Lake and St. Peter's schools, are co-operating in a federally funded Co-operative Education Summer School program financed under Title I of the Elementary and Secondary Education Act of 1965. The program is designed for educationally disadvantaged students of the cooperating schools in the areas of reading and communication. Classes will be held in the high school and at Antioch Grade School buildings.

The program will run for 6 weeks, from June 20 until August 2, from 8 a.m. to 12:10 p.m. Currently the teachers for the program have been meeting in an In-Service Training Program at the High School. Meetings have been held on May 6, 13, and 20, and two more are to be held on May 27 and June 3.

The high school program for 60 incoming freshmen, and the grade school program for 100 pupils ranging from 2nd to 7th grade, will be separated in nature to provide for differing interest and ability levels; but the high school has been designated as the administering district.

The program will provide experiences in all areas of communication skills, reading, writing, listening and speaking. It will also include a series of educational field trips, a daily scheduled recreational program, and a mid-morning snack break. The goal of the program is to upgrade students in their communications skills, and improve their readiness for the next and succeeding experiences in school.

The format of instruction will be similar to that of last year's successful program in the high school, using techniques of team

teaching which provides for large group, small group and individualized instruction. Much variety of activity will be provided with short modules of time, not to exceed 25 minutes, spent on any one area at a time.

The general administrator of the program is Mr. Arthur Blecke, the Director of the Summer School at the high school. Mr. Bernard Fosmark, chairman of the high school English Department, will be in charge of the high school program and Mrs. Wanda Barthel of Antioch Grade School will be in charge of the grade school program. Teachers in the high school program will be: Mr. Tom Brown of Millburn Grade School, Mrs. Mary Seemann of the High School Speech Department, Mr. William Baird, reading specialist from Salem Central High School, and Mr. Roger Andrews of the High School Physical Education Department. Miss June Zehnder will be the librarian.

Teachers in the Grade School program are: Walter Sodemann, Luella Anderson, Joyce Dix, Mary Jo Taylor, Mitzi Wieck, Fanny Yates, Arlene Cramer, and Lorraine Taylor, all from the cooperating grade school districts. Mr. Lee Mieur of ACHS Counseling department will provide counseling and guidance services for the entire program.

Challenge Jr. College Legal Status

A friendly suit has been filed in the Circuit Court by the State's Attorney of Kankakee County, in the name of the people of the State of Illinois, challenging the constitutionality of the Illinois Public Junior College Act.

This friendly court action was initiated to open the way for bond counsel approval for financing construction of Illinois public junior colleges, including Lake County's.

Because of threatened court action in the Carl Sandburg junior college district, plans for construction of junior college facilities have stopped pending withdrawal of the dissident group's threat to sue or a favorable court decision on the legality of the Act.

James D. Broman, executive director of the Illinois Association of Community and Junior Colleges, announced last week that court action was planned to resolve the legality question so financing could move ahead for more than 25 community colleges over the state.

Broman said, "I expect the dissident group from Galesburg to file their suit very shortly. Hopefully, both actions will be consolidated and the ruling of the Circuit Court sent up to the Illinois Supreme Court."

The attorney for Kankakee Community College will file his answer within one week regarding the constitutionality of the law.

Broman commented further, "Because this matter is in the public interest and is extremely urgent, speedy adjudication is expected, both in the Circuit Court and in the Supreme Court. I have every reason to be optimistic on the legality question as well as on the time it will take to get final action in the courts."

Antioch Tops Goal In Red Cross Drive

A Baccalaureate Program will be held on Saturday evening, June 1 at 8 p.m. in the school auditorium.

The Invocation and Benediction will be given by Rev. Wilton Anderson; Baccalaureate Address: "The Three Ultimate Goals of Life" by Bishop Calvin P. Midgley.

Those graduating are:

Mary Ellen Osmond
William Harcourt Owens, Jr.
Janet R. Pachay
James K. Palm
Joseph P. Pass
Craig Alan Patterson
Heiga Schild Paulus
Susan Annette Payton
Frederic C. Peaslee
Keith Edwin Peterson

26 Graduate At Grass Lake

Grass Lake School Graduation Exercises will be held for 26 students on Wednesday evening, June 5 at eight o'clock in the school auditorium.

The program will be as follows: Invocation - and Benediction - The Rev. Wilton Anderson Welcoming Address - Karen Yopp "Illinois Medley" - By Chorus of Eight Graders under the direction of Mrs. Carolyn Anderson Graduation Address - Dr. W. C. Petty, Co. Supt. of Schools Presentation of Diplomas - Lawrence Yopp Farewell Address - Joanne Robis School Superintendent John Schockmel will introduce the top five students. They are: Karen Yopp, Joanne Robis, Peggy Wilson, Katherine Kaminski, and Linda Kanka. He will also recognize the 8th graders who have been honored for school service.

The graduates are:

Scott Albright
Vickie Babcock
Gary Brown
Patricia Bye
Richard Cerk
Albert Delatire
Robbly Flint
Edward Galanopoulos
James Heft
Katherine Kaminski
Linda Kanka
Patricia Kjellstrand
Randy Koppen
Cathy Krantz
Robin Morris
Diane Potter
Debra Reeder

Dr. SIMS says...

SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

"THE 'MYSTERY DISEASE'"

Why is neurodermatitis called a "mystery" disease?

A basic reason is that this chronic, itching redness of the skin can crop up anytime, on any part of your body. Then, as suddenly as it appears—it may disappear—without any medical treatment. When you think you're rid of it once and for all, it will crop up again.

Sometimes recurrences are so severe that the skin oozes a clear, thin fluid. Itching is so intolerable that it's almost impossible to keep from scratching, almost invariably resulting in secondary infection.

Still another "mysterious" aspect of this disease is that its major cause is not physical; it's mental!

People who worry a lot, can't cope with the day-to-day pressures of living, and have sensitive "allergic" skin are most susceptible. Their tensions are translated to the tiny, peripheral nerve endings just beneath the skin. Resulting irritation to adjacent tissues causes release of two body by-products—histamine and serotonin.

These substances are the chemical culprits which cause the itching, redness and oozing that make neurodermatitis such a torture. Neurodermatitis requires the expert medical management of a physician. However, you can help to control it by following this simple program:

1. Learn the basic rules of good mental hygiene, e.g.: be realistic, don't expect too much of yourself; take every day as it comes.
2. "Balance" your living pattern with equal portions of:

work, cultural activity and, especially some physical pastime such as bowling or golf. There's no substitute like physical exercise to relax muscles and relieve tensions.

3. Obey general health rules, including adequate diet containing sufficient amounts of vitamins, minerals, proteins and other essential food elements.

There is no complete "cure" for neurodermatitis. You must realize that its real "mystery" lies within you and your own nervous tensions, you can all but eliminate it from becoming a major medical problem.

SMOKING EXTRA HAZARD TO CITY DWELLER

City dwellers who smoke—BEWARE! Cigarette smoking added to the polluted air you breathe, can increase your risk of lung cancer by more than 15 times.

In urban areas of 50,000 or greater population, for example, the lung cancer death toll rate among cigarette smokers is nearly 15 times that of cigarette smokers living in rural areas.

Reason: Both cigarettes and air polluted by auto exhaust, burned coal and other heating fuel byproducts contain a noxious substance called "polycyclic hydrocarbons" a cancer-producing agent.

Not only do these pollutants contribute to deadly lung cancer, but also complicate several respiratory diseases, such as asthma, bronchitis, and emphysema.

The death rate from emphysema—a disease which causes a loss of elasticity in part or all of the tiny air sacs which form the lung has also risen tremendously. Its death toll is now more than 10 times what it was in 1958.

While the causes of air pollution are being pinpointed and steps taken toward future easing of that problem city dwellers who smoke are greatly increasing their chances of contracting a serious lung disease in the meantime.

So, why take that chance? The air pollution problem adds one more reason to PUT THAT CIGARETTE OUT.

Phil's Restaurant Has Brand New Look

Phil's Restaurant on Main Street has a complete new look. Ten new booths have been added, increasing the seating capacity to 40 in the front part of the store. The dining area in the rear is newly furnished and will accommodate 40 diners. There is a new lunch counter, and a completely new kitchen and rest room.

The new color scheme is avocado green and burnt orange. Menu and prices will remain the same and restaurant hours will be from 6 a.m. to 7:30 p.m. on Mondays, Wednesdays and Thursdays. The restaurant will be open all night on Friday and Saturday and will be closed all day Tuesday.

Antioch G.S. Graduates 128 Students

Promotional Exercises for 128 Antioch Grade School graduates will take place Tuesday, June 4, at 8:00 p.m. in the Antioch Grade School Auditorium.

The Grade School Band, under the direction of George Olsar, Conductor, will open the program. The Grade School Chorus, under the direction of Judith B. Robinson will sing and the invocation and graduation address will be given by the Rev. Donald M. Cobb of the Antioch Methodist Church.

Diplomas will be presented by Dr. W. C. Petty, Lake County Superintendent of schools. The graduates are:

Kevin Edward Lyons
Holly Gay Markwart
William G. McConahay
Eileen Lynn McDonald
Renda Pauline McIntosh
Wayne Elmer Meierdick
Melissa Diane Messersmith
Gerald L. Miller
JoAnn Millhouse
Ede Marie Minger

Heart Death Threatens Majority Of Americans

Chicago, May 15—The majority of adult Americans will die of coronary heart disease, or atherosclerotic disease of other arteries, a symposium for physicians was told here this afternoon in the American Hospital Association building.

"Most Americans are very much at risk with respect to this disease," warned Jeremiah Stamler, M.D., authority on CHD, as it is called. Dr. Stamler, moderator of the symposium, "Atherosclerosis: Its Genesis and Control," is executive director of the Chicago Health Research Foundation and a professor on the medical faculty at Northwestern University.

The symposium, sponsored by the Chicago Board of Health and underwritten by Flint Laboratories of Morton Grove, was held for physicians practicing in Cook, Lake and DuPage Counties.

Participants, all M.D.'s and all members of medical faculties, were Kenneth G. Berge, Mayo Graduate School of Medicine; Jack P. Strong, Louisiana State University; David M. Berkson, Northwestern University, and Dr. Stamler, Northwestern. Dr. Stamler is the author of numerous reports emphasizing the role of overnutrition in atherosclerosis and CHD.

CHD—or atherosclerosis—he insisted, is not exclusively a problem of the American middle- and upper class. Nor is it affected by geography or ancestry.

"Coronary heart disease," he said, is epidemic among middle-aged urban and rural Americans, especially men of virtually all socio-economic, ethnic, and racial strata throughout the country."

He blames chiefly the American diet, high in animal fats and cholesterol, and he reported success in research projects conducted in

Chicago in which patients on low-animal fat, low-cholesterol diets brought down their blood-cholesterol levels. At the same time, obesity, high blood pressure, and blood-sugar levels were reduced.

Dr. Berge's paper was devoted to drugs which may be taken to control high cholesterol and blood-fat levels which, the symposium agreed, lead to atherosclerosis and subsequent CHD. He devoted most attention to four drugs now under a five-year, 55-center test under the auspices of the National Heart Institute of HEW.

Dr. Berkson, who is a colleague of Dr. Stamler in the Health Research Foundation as well as at Northwestern, discussed the role of such factors as cigarettes, obesity, lack of exercise, high blood pressure, and diabetes.

Dr. Strong who is chairman of the department and professor of pathology at Louisiana State, illustrated his discussion of atherosclerosis with photographs made at autopsy of cholesterol-clogged arteries of animals and men.

Participants, all M.D.'s and all members of medical faculties, were Kenneth G. Berge, Mayo Graduate School of Medicine; Jack P. Strong, Louisiana State University; David M. Berkson, Northwestern University, and Dr. Stamler, Northwestern. Dr. Stamler is the author of numerous reports emphasizing the role of overnutrition in atherosclerosis and CHD.

CHD—or atherosclerosis—he insisted, is not exclusively a problem of the American middle- and upper class. Nor is it affected by geography or ancestry.

"Coronary heart disease," he said, is epidemic among middle-aged urban and rural Americans, especially men of virtually all socio-economic, ethnic, and racial strata throughout the country."

Plechaty New Jaycee Pres.

The Lake Region Jaycees have reorganized and elected the following new officers: Roger Plechaty, president; Robert Lindquist, vice-president; Jack Christensen, treasurer; and Richard Schlarbaum, secretary.

Meeting headquarters will be the Antioch Savings & Loan Community Room and they will meet the second and fourth Tuesday of each month.

The Jaycees will sponsor a Beauty Pageant at the Antioch Community High School on Aug. 10. Girls who will be 17 before July 1st through 22 years of age and who live in the Fox Lake, Lake Villa, Antioch and Southern Wisconsin area, either full time or during the summer, are eligible.

Prospective contestants should contact Bob Lindquist 395-2087 or Roger Plechaty 395-0426.

Registration forms can be picked up at the Antioch News office at 966 Victoria Street.

STRENGTH FOR THESE DAYS

I have given thee a wise and an understanding heart.

—(Kings 3:12)

In our daily association with people, we should remember that we play an important part on whether our relationship be disagreeable and unpleasant or happy and harmonious. God has put within our heart all the love and understanding to heal difficult situations and harmonize our associations. God blesses us when we seek understanding and express our love for our fellowman.

The Antioch News

20 years from now the electric heating in your home will still be one of the brightest ideas you ever had.

Only an electric heating system will be just as modern in twenty years as today. It will probably outlast your mortgage. (No other heating system can make that statement.)

Electric heat has other things going for it, too. Like flexibility, cleanliness, economy of installation, silence, trouble-free operation, odorlessness, and five different types of systems to choose from.

All of which adds up to keeping your home bright and modern for many years to come. And electricity is making it possible. Check into electric heat... the modern heat.

For further information call our nearest office.

Commonwealth Edison Company

The bright new ideas are Electric.

Antioch Fire Dept. Wins New Trophy

The Antioch Fire Dept. won a second place trophy at the Lake County Firemen's Association Convention, Saturday at the Kleinschmidt Plant at Deerfield. Sixteen fire departments were represented.

Trophies were awarded for amount of equipment, cleanliness and condition. Antioch received a second place trophy in the truck division, for their new commercial truck.

They placed 4th in the water fights and tied for 5th in the three man hookup.

The fire department will participate in the Antioch Memorial Day Parade on Thursday and ticket sale for their 55th Annual Firemen's Dance will start immediately following the parade at the Fire Station. The dance will be held on Saturday, June 29th at the Fire Station from 9 p.m. to 2 a.m. and King Jaro's and his orchestra will supply the music.

Legal Notices

State of Illinois
County of Lake

Office of Treasurer
Antioch, Illinois

The following is a statement by Martha H. Hunter in the County and State aforesaid, of the amount of public funds received and disbursed by her during the fiscal year ending on the 30th day of April A.D. 1968, showing the amount of public funds on hand at the commencement of said fiscal year; the amount of public funds received, and from what sources received; the amount of public funds expended, and for what purposes expended, during said fiscal year ending aforesaid.

The said Martha H. Hunter, being duly sworn, doth depose and say, that the following statement by her subscribed is a correct statement of the amount of public funds on hand at the commencement of the fiscal year above stated, the amount of public funds received, and the sources from which received, and the amount expended, and the purposes for which expended, as set forth in said statement. Subscribed and sworn to before me, this 20th day of May, 1968. (SEAL)

WALTER DELANEY
Notary Public

(Signed) MARTHA H. HUNTER

THE ANTIOCH NEWS 7

These are the boys who have not seen much action during the season, but who make the sophomore baseball team what it is by keeping the regulars fighting to obtain a starting position on the team. From left to right: Mickey Temple, Richard Steiskal, Al Powers, Larry Wells and Coach Andrew Hauptman.

Boat Rules Will Be Enforced

There are some new rules for those who go down to the lakes and streams in sailboats and motorboats.

According to the Illinois State Bar Association, the new regulations were adopted by the Illinois General Assembly last year, but did not become effective until the boating season was over and it was too late for them to become well-known or widely enforced.

This year will be a different story. Enforcement of the new Boat Registration and Safety Act is the job of the State Department of Conservation officials and other authorized police officers. They have authority to board any vessel to check on compliance with safety standards. Any vessel hailed by an inspection officer, the law says, must stop and lay to.

One of the new rules is that sailboats, like motorboats, must have one life preserver for each person on board. The life preserver, ring buoy, buoyant vest or buoyant cushion must be in good and serviceable condition and be of a type approved by the U. S. Coast Guard. This equipment must be within easy reach of all persons on board.

Another new requirement calls

for the registration of all sailboats over 12 feet in length. Every such sailboat must have an identification number issued by the state or by the federal government or other state having a federally approved numbering system.

The number must be displayed on both sides of the bow of the boat in block letters at least three inches in height. The requirements are the same as those previously in effect for motorboats.

The Act increases the fee for boat registration from \$3 to \$4, and certificates of registration expire after two years, instead of three. The pocket-size certificate must be available for inspection any time the motorboat or sailboat is in operation.

The state also adopted new regulations for the ventilation of motorboats to prevent accumulation of exhaust fumes in the boat.

All motorboats, except open boats, using fuel having a flashpoint of 110° F. or less must be fitted with at least two ventilator ducts, fitted with cowls or their equivalent for the efficient removal of explosive or inflammable gases from the bilges of every engine and fuel tank compartment.

A new time limit also has been placed on the reporting of boating accidents. If an accident results in property damages in excess of \$100 or a personal injury which incapacitates a person for more than 72 hours, a report must be filed within five days to the Department of Conservation. An accident involving loss of life must be reported within 48 hours.

The Sox, sponsored by Gibbs & Jensen and managed by John Waring; the Giants, sponsored by Antioch Lumber & Coal Co. and managed by Jack Davis, and the Cubs, sponsored by Lyons-Ryan Ford Sales and managed by Ron Vos,

Viet Vets Invited To Track

Vietnam veterans who plan to be in the Chicago area over the long-holiday weekend are invited by the Balmoral Jockey Club to be their guests over the Memorial Day racing and program at Arlington Park race track, Arlington Heights.

Presentation of a DD-214 card or other credentials at Gate One of the Park will admit a veteran and his companion and will entitle them to reserved seats and other courtesies arranged in honor of their Vietnam service. The Park will open at 11:30 a.m. Veterans are urged to plan early arrival.

The special Memorial Day program, which starts at 12:30 p.m., will feature a salute to Vietnam veterans conducted by Gov. Sam-

uel H. Shapiro and representatives of the three service branches. A colorful flag raising and Stakes. The traditional winner's band music will also be included. The holiday racing program at recently returned from Vietnam Arlington Park includes nine duty.

Tigers Win Little League Opener Sun.

The Tigers won the opening Little League game Sunday against the Sox, thanks to the able pitching of Mike Gutowski, who was the winning pitcher, and home heavy hitting on the part of his team mates.

Floyd Davis of the Tigers, hit the season's first home run with two men on.

The losing pitcher for the Sox was Mike Costoff.

Mayor Ray Toft was there for the opening ceremonies and threw in the first ball. After the game, Toft treated all members of the Tigers and Sox teams to refreshments at the Little League Concession stand.

The Yankees play the Sox on Wednesday, May 29; the Tigers meet the Giants on Thursday, May 30, and the Dodgers play the Cubs on May 31.

The Yankees will play the Giants on Tuesday, June 4; the Cubs play the Sox on Wednesday, June 5 and the Tigers meet the Dodgers on Thursday, June 6.

Weekday games start at 6 p.m. There are three teams in the White Division and three teams in the Gray Division.

The White teams are the Tigers, sponsored by the State Bank of Antioch and managed by Bernie Gutowski; the Yankees, sponsored by Teresi Chevy-Olds and managed by Dick Kessler, and the Dodgers, sponsored by Antioch Savings & Loan and managed by Gordon DeBoer.

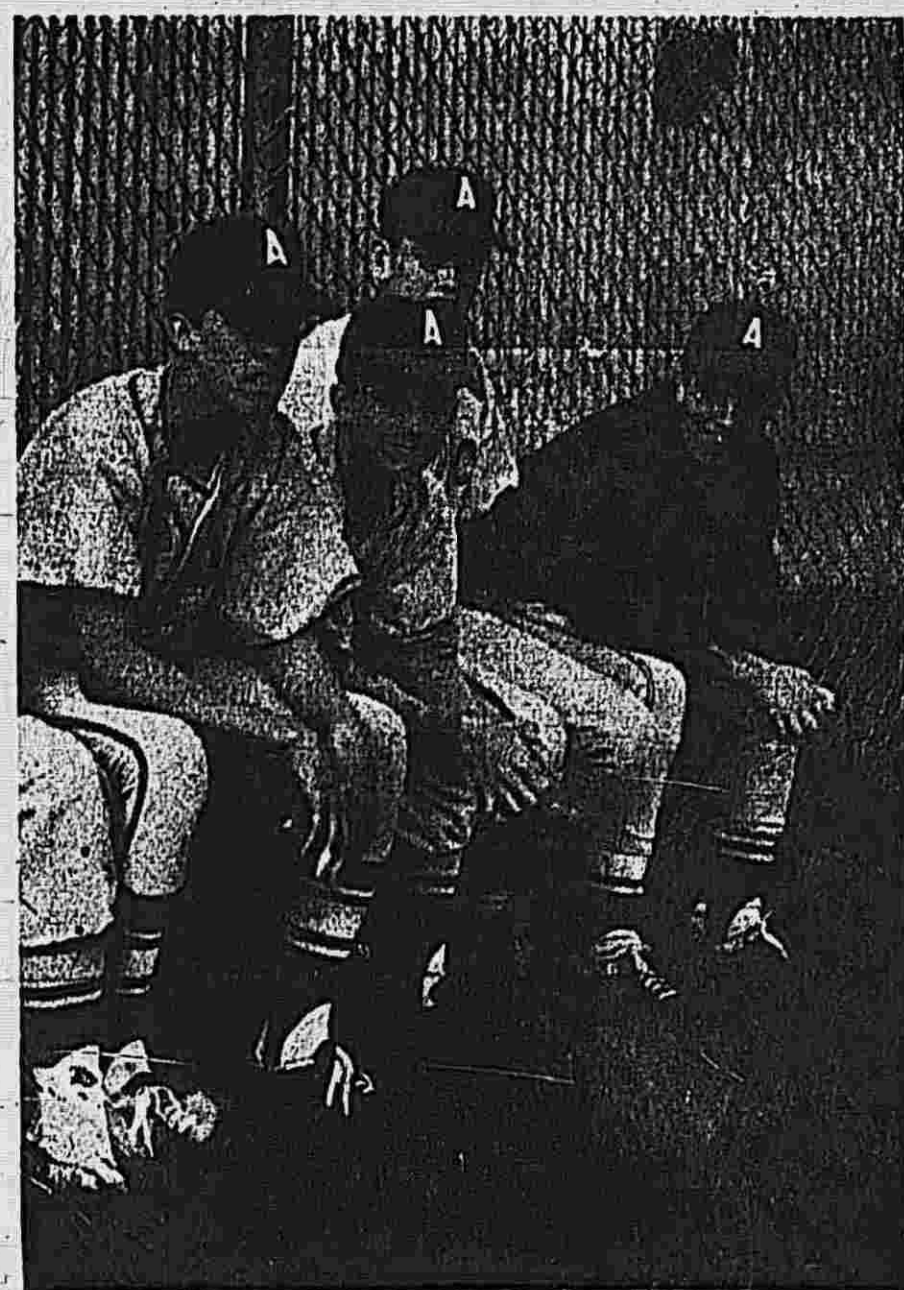

The Gray division teams are

Tryouts For Legion Baseball May 31

Antioch Post 748 American Legion baseball team is holding its tryouts and practice on May 31 at 4:00 p.m., June 4, at 6:00 p.m., with June 8 at 10 a.m. as an alternate date.

The tryouts will be held at Antioch High School baseball field. All the prospective players need to supply are shoes and a glove. To be eligible, boys cannot have reached their 19th birthday before Aug. 1, 1968.

In their first year last season, Post 748 finished the season with a .500 record.

Fresh Baseball Team Bench Warmers at a recent game: From left to right, Dean Homan, Dan Lasco, Gary Inman and Chuck Rudolph.

Wilmot Races Get Rained Out Again

The big question about the opening of the Kenosha County Speedway modified stock car races this coming Saturday night, June 1, will be can it rain on the third Saturday in a row.

Races were scheduled to open at the popular Wilmot oval on May 18 and thunder showers on that night forced a postponement of the opening night until May 25, but late afternoon showers forced a second postponement on that night too.

Provided clear weather comes with the first day of June, the modified and street stock cars will run their opening race at Wilmot on Saturday night, June 1.

Previous to each of the two rain-outs at Wilmot the modified stock cars raced on Friday nights at the Rockford Speedway. Johnny Reimer, a four time modified champion, won the first 30 lap feature there and Billy Goeden of St. Michaels won the feature there this last Friday night.

Goeden was chased in the feature race by Claude Potter of Genoa City who earlier had won a 10 lap heat race. It was Claude's first win at Rockford but his fifth

victory of the year. Two of these came in feature events at the Waukegan Speedway on Sunday nights. Goeden leads the Interstate Racing Association in point standings at Rockford with Whitey Harris second, followed by Johnny Reimer.

Bill Bohn of Kenosha leads in the IRA point standings at the Waukegan Speedway with Harris second and Potter third.

The next race for the IRA modifieds will be Wednesday night at the Lake Geneva Seed Center for a 50 lap Indy Eve Race. The following night it will be another 50 lap Holiday race at Waukegan and then, provided a rain free Saturday prevails, the twice delayed opening of the Kenosha County Speedway will take place June 1.

State Bank 1 In 1st Place In Tues. Night Golf League

State Bank 1 holds first place with 13 points in the Tuesday Night Golf League.

Tom Haley and Irv Carey won 3 pairs of socks for their efforts Tuesday night.

Results were: Antioch News 1 1/2 points, State Bank 1, 4 1/2 points; Carey 3; Shoe Box 3; Teresi 1/2 and Kings 5 1/2; Gibbs & Jensen 3, Wilton 3.

State Bank A and the First National Bank team have not played their match as yet and are not figured in the following results:

State Bank 1	13 points
King's	11
Gibbs & Jensen	10 1/2
Teresi	10
Wilton Electric	9
State Bank A	7
Shoe Box	7
Carey	5 1/2
Antioch News	5 1/2
1st-National Bank	5 1/2

Boys 13 to 15 Can Still Register For Babe Ruth League

All boys 13 to 15 years of age, who have not already registered and are interested in playing baseball in the official Antioch Little League's Babe Ruth League may register at the Little League Field from 6 p.m. to 7:30 any evening, Wednesday through Friday, May 28 to 31.

The registration fee of \$8.00 need NOT be paid at this time but should be in by the first game. This will be the only Babe Ruth League to use the high school field.

Members of Sequoit Varsity Baseball Team wait their turn at bat. From left to right: Allen Comstock, Tom Nickerson, Joel Strahan and Terry Nickerson.

GREAT BARBECUES START WITH...

a good fire!

For a good, even, odorless fire start with
A&P Charcoal Briquets and A&P Charcoal Lighter.

If there's anything more important than the fire,
it's what you grill on it.

For years, A&P Super-Right Meats
have been used for more barbecues
than any other meat you can name.

Ground beef, lean and juicy,
fresh tender chickens,
steaks and chops unconditionally guaranteed
to be tender and tasty.

And, if you like, cut to the thickness you like.

Of course, your A&P
has all the condiments and sauces
a "barbecue boss" needs,
including a unique Ann Page Barbecue Sauce.

When you think about it,
you might say:

Great barbecues start with A&P...

and end with satisfaction

...that's guaranteed.
